Period of cover

For new passenger cars, the Mobility guarantee provides two years’ coverage from the date of registration. With every service (inspection/oil change), the services covered by the Mobility guarantee are extended until the next service (inspection/oil change) or 30,000km i.e. a maximum of two years. The Mobility guarantee is valid in several European countries. To qualify for the Mobility guarantee, servicing must be carried out at an authorised Audi service centre.

Car hire, accommodation or onward travel

In the event that your Audi cannot be repaired within a short time, Audi Assistance will pay for one of the following (please ensure you remove all personal items, for example passports or licence, before leaving your vehicle):

- Car hire
  Audi Assistance will organise and provide you with a replacement car for the duration of the repair work, up to a maximum of five days. You will be responsible for all ancillary costs including petrol and insurance and you shall be able to satisfy all the requirements of the vehicle hiring company (this may involve providing a credit card number for fuel deposit and current driving licence). The model supplied will be subject to availability.

- Accommodation
  Audi Assistance will contribute towards overnight bed and breakfast accommodation to cover all persons travelling in the Audi at the time of immobilisation for one night, up to a maximum cost of €100 per person or €300 per party. Transportation to hotel or bed and breakfast accommodation, and back to the Audi dealer will be arranged by Audi Assistance.
