General information.

Your responsibilities.

It is your responsibility as the hirer to ensure the vehicle is serviced at the manufacturer's recommended intervals by an Authorised Retailer or Audi Financial Services approved repairer and, where applicable, that the vehicle has a current road worthiness certificate. You are responsible for ensuring that the vehicle is in good condition at all times and for any damage caused to, or deterioration of, the vehicle other than through reasonable fair wear and tear.

To help take care of your vehicle you should regularly:

- ▶ Check the engine oil level/coolant levels and refill as necessary in between services
- ▶ Check tyre pressures, depth of tread and condition
- ▶ Check all lights and indicators
- ▶ Ensure there is sufficient levels of Adblue® (if applicable)

You should follow the manufacturer guidelines on oil refills and the quality of oil to use. Failure to do so could significantly impact on the performance of your vehicle in a number of ways:

- ▶ Increased wear or overheating - leading to engine damage which will, in time, devalue the vehicle
- ▶ Exhaust System Contamination - over time the wrong oil will block or contaminate the exhaust catalysts causing the vehicle to fail its emissions and control tests
- ▶ Increased fuel consumption
- ▶ Decreased service intervals

If repairs are required due to accidental damage or similar at any time during the contract, please refer to specific requirements as detailed in the terms and conditions of your agreement.

Fines and charges.

As the registered owner of the vehicle Audi Financial Services may receive a variety of fines attributed to activities undertaken by the vehicle Driver (e.g. parking fines).

Audi Financial Services will pay these invoices on your behalf and will then forward on an invoice to the leasee. In doing so taking advantage of any prompt payment discounts available. An administration fee will be charged per event.

The exception to this process will be where the fine relates to a driving offence where the authorities require notification of the drivers details (e.g. speeding fines). We are legally obliged to provide any details that we have available, on demand to the relevant legal authority, to help identify the driver of any vehicle. In such circumstances responsibility for the handling of the fine will be passed to the driver.

Fitting of non-standard equipment.

The costs to fit/purchase and maintain 'extras' are solely at your expense. We recommend that all extras are supplied and fitted by an approved/qualified installer and that they conform to all legal requirements.

Any consequential damage arising from the installation of extras must be repaired at your cost. At the end of the contract, any visible holes in the bodywork or trim must be repaired to the standard required by Volkswagen Financial Services, and any electrical alterations must be restored to the original standard.

End of contract - vehicle return.

We will aim to contact you before the end date of the contract to remind you that the vehicle is due for return. Arrangements will be made for the inspection and collection of your vehicle.

Please ensure that all documentation is available with inspection and returned with the vehicle as follows:

- ▶ Vehicle hand book
- ▶ Spare key
- ▶ Driver guide
- ▶ Satellite navigation memory card or disc (where applicable)

We also ask that you sign a formal report of the vehicle condition. If it has sustained any damage beyond fair wear and tear, including missing items or documentation (e.g. driver handbook, spare keys or original documentation), an appropriate charge will be incurred. For a definition of fair wear and tear, please refer our website www.wvfs.ie

For each kilometre covered by the vehicle over the agreed annual distance allowance, or the maximum total kilometres, you must pay us the excess kilometre charge shown in your agreement.

Foreign travel.

You should also check the motoring requirements and information required for individual countries.

Please note that we will not be liable for any costs arising from the use of the vehicle outside of the Island of Ireland.

We will then support you in all aspects of the CVRT and NCT administration. For any queries or assistance with bookings, please call us on **01 654 6249**.

Service and maintenance.

Non-maintenance contracts.

If you have chosen to maintain your operating lease vehicle yourself, please be aware of your responsibilities, based on the terms and conditions of your contract.

Service and maintenance contracts.

Please ensure the vehicle is serviced and maintained at an Authorised Retailer or Audi Financial Services authorised repairer strictly in line with recommended manufacturer guidelines using only genuine approved parts.

Tyres.

When worn or damaged our vehicle must have the tyres replaced with a premium brand of the same specification as originally supplied with the vehicle, in accordance with the manufacturer's standard specification. The load and speed rating should match the original specification. For further information, please refer to the vehicle's driver handbook.

Maintenance contracts.

If your lease agreement includes a service and maintenance plan please see the following page for details.

When your vehicle needs service and maintenance.

If you have a service and maintenance plan as part of your agreement, using it couldn't be easier.

This is how it works:

- ▶ When your vehicle requires servicing or maintenance, contact your local Authorised Retailer or Audi Financial Services approved repairer to book your vehicle in
- ▶ It is advisable to contact your Retailer or repairer in advance of your requirement, where possible, as sometimes they will need notice to fit work into their schedule. When making your booking, remember to mention that you have servicing and maintenance as part of your agreement
- ▶ Service or maintenance under this scheme can only be obtained from an Authorised Retailer or Audi Financial Services approved repairer
- ▶ The Authorised Retailer or approved repairer will contact us for authorisation to carry out the work required and you will be asked to sign only for the completion of the job
- ▶ Have your service book stamped by the servicing Retailer or repairer. Alternatively, ensure the digital service record is updated by the servicing Retailer

That's all there is to it, however please note:

- ▶ If you ask the Retailer or repairer to carry out any work not included within the recommended service and maintenance plan, you will have to pay for it when the work has been completed
- ▶ Any services not carried out before the contract end or maximum total kilometres limit cannot subsequently be claimed for
- ▶ Damage caused to the vehicle as a result of neglect of service requirements will be charged to you. For accidental damage or similar, please refer to specific requirements as mentioned in the terms and conditions of your agreement

Inclusions.

- ▶ All routine servicing as appropriate to your vehicle as determined by Audi Financial Services
- ▶ All oils and fluids required within the service including AdBlue®
- ▶ Brake fluid change as per the service requirement

With a service and maintenance plan you are also entitled to the replacement of vehicle parts, subject to fair wear and tear, that need to be repaired or replaced during the contract period. Please see alongside for replacement vehicle parts included in the plan. All work should be carried out in accordance with the manufacturer's recommended change schedule and it is your responsibility to ensure the vehicle is serviced at the correct intervals. The service light will come on and advise you when the service is due.

Failing to get the vehicle serviced in-line with the manufacturer's service schedule may invalidate the vehicle's warranty, which could leave you liable for costs on repairs.
