Introduction

Personalising your Audi Q3

Here today, there tomorrow. You live on the move, you think on the move. That's why you want a car that can keep up with you and your requirements. Or shall we say: one that is so well prepared for you that all you have to do is get in. The Audi Q3 is this car. Powerful and agile, compact and yet spacious inside, efficient and expressive. The Audi Q3. Built from new expectations. Let's go.

This guide has been designed to help you tailor and price your Audi Q3 quickly and logically. In this guide, you will find information on CO2 emissions-based taxation and the other services offered by Audi. You can also configure your Audi Q3 online at audi.ie

Audi Efficiency Leads the Way

For Audi, efficiency is the sum of a large number of individual measures that combine to produce one major result – the combination of low consumption, comfort and immense driving pleasure. In order to reduce fuel consumption and emissions, the engineers at Audi work intensively on all vehicle components and systems. This applies as much to the continued development of innovative engine technology as it does to highly efficient drivetrain and transmission components, intelligent lightweight body construction and streamlined aerodynamics.

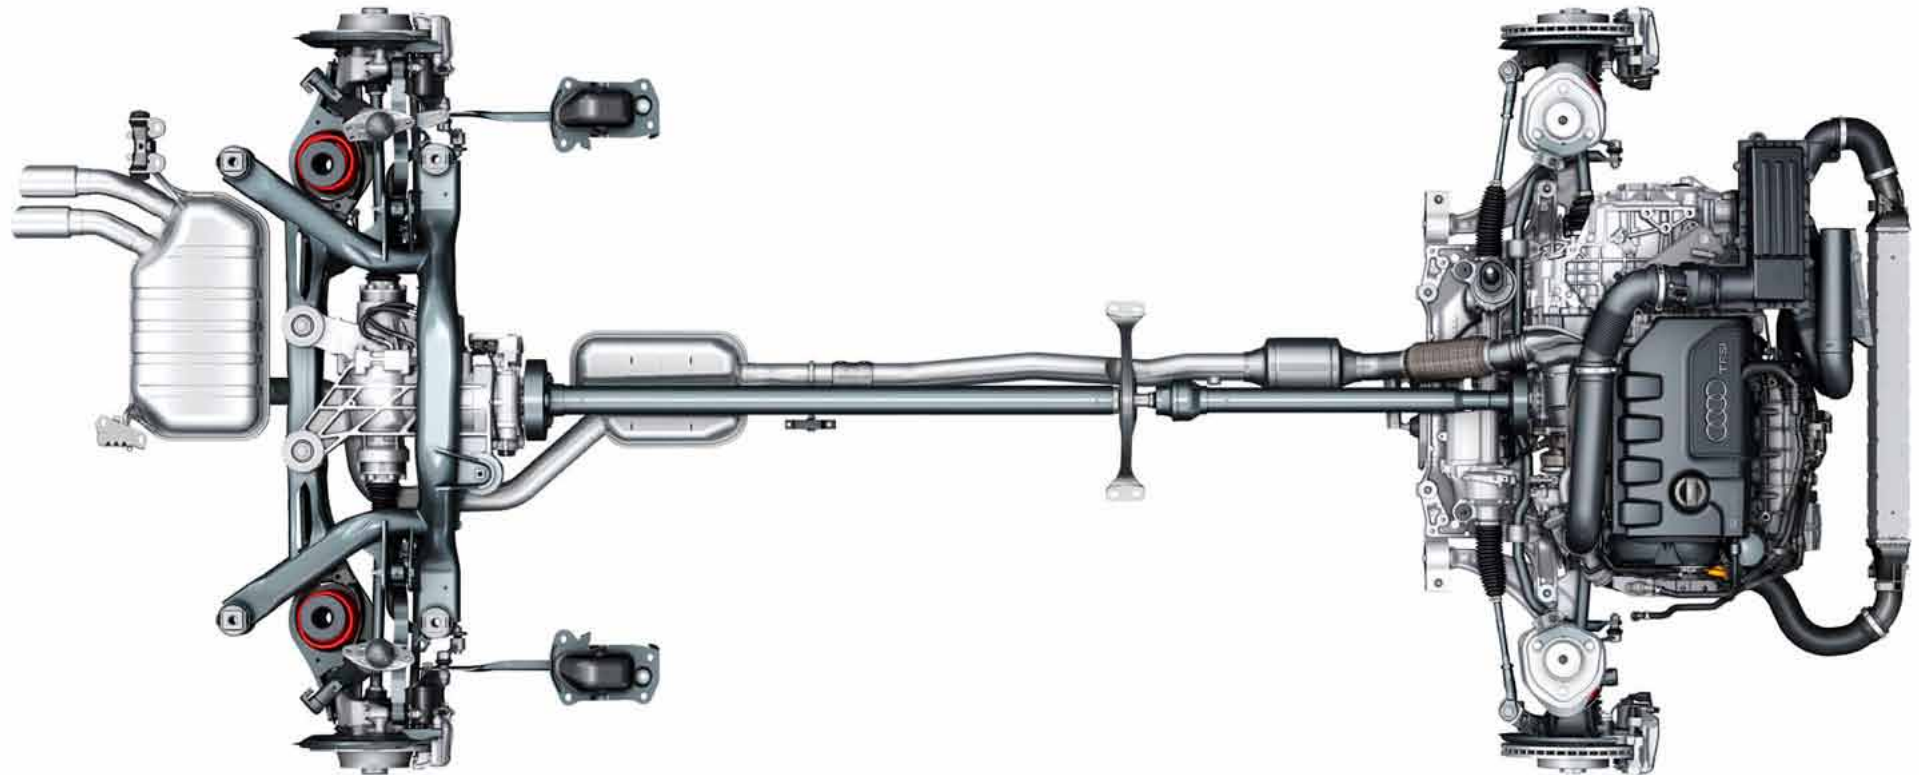

The below Audi vehicles are in Tax Band A

What sounds perfectly normal now was cause for huge excitement 20 years ago, when Audi revolutionised the market with the first 2.5 TDI engine. Since then, developments such as common-rail technology have made TDI even more efficient. Injectors ensure the fuel is finely and precisely distributed. Consequently, since the first TDI, the engines have become more economical, whilst specific output has increased. In the Audi Q3, both the engine power and efficiency are impressive: the 2.0 TDI engine with 140bhp consumes only 5.2 l of diesel per 100 kilometres. In addition, the engines are characterised by good acoustics and excellent running smoothness.

The advantage of quattro®

With quattro®, we have created one of the best all-wheel drive systems in the world.

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Q3 so thrilling to drive.

It's called quattro® permanent all-wheel drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe. In the Q3, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

Click the target below for more information on quattro

If the wheels on one axle of the vehicle lose grip on the road and threaten to spin, the wheel-selective torque distribution transfers the power through the transfer gear box and the Haldex clutch to the axle or individual wheel with the better grip. The benefit is better traction and thus improved acceleration as well as more safety thanks to more balanced lateral guide forces.

What is a Personal Contract Plan?

Options

Decide on 1 of 3 options

Audi Finance Personal Contract Plan (PCP) gives you flexible finance options and the convenience of a guaranteed future value (GFV) for your new Audi. This personal contract plan is based on a hire purchase agreement with a difference. It allows you to use the equity in the future value of your Audi to reduce your monthly payments and avail of a shorter termed agreement. A PCP contract over 36 months may have similar monthly rentals to a 60 month agreement using traditional hire purchase.

Finance

*Outstanding amount
between the deposit GFV*

You pay a small deposit (as little as 10% of the purchase price) and benefit from attractively low monthly installments and a guaranteed future value for your new Audi. At the end of your contract you may choose to change your Audi for a brand new model, keep it or simply return it to your dealer.

So, whether you want to drive the latest and safest model, upgrade regularly or simply keep your new Audi, Audi Finance PCP makes your money go further.

Audi Exclusive

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that special touch you can specify your new Q3 with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined. Both the exclusive and standard options can be found in this Product Guide

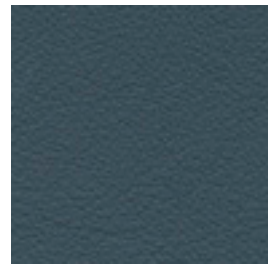

Audi Exclusive

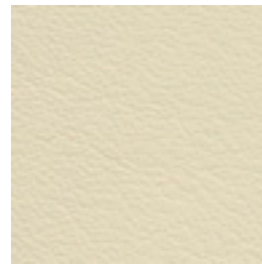

Upholstery

With Audi exclusive, you can specify your seats in Valcona, Fine Nappa leather or a leather/Alcantara combination, in an array of different colours shown to the right.

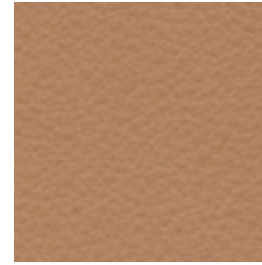

Select just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely comfortable with the result.
